CHEF DOMINIQUE CRENN

Chef Dominique Crenn, the co-owner and chef of the Three-Michelin-Starred restaurant Atelier Crenn in San Francisco, is not just a chef and restaurateur. She's an entrepreneur, a best-selling author, an activist and a breast cancer survivor. Crenn is the first and only female chef in the United States ever awarded Three Michelin Stars and one of only five in the world with as many stars.

This PINKTOBER™, Chef Dominique Crenn is joining Hard Rock Cafe & the Hard Rock Heals Foundation in support of breast cancer awareness & research, with proceeds benefiting national and local breast cancer charities. Diagnosed with triple-negative breast cancer in 2019, Crenn underwent eight months of chemotherapy, and while she is currently in remission, she knows first-hand that together, not only are we stronger, but we can also make a difference.
